Checkpoint 4	Sprint D	02-06-2022	☺

☺ I think I do enough work and contribute sufficiently to the project.

☺ Puts a lot of effort and also helps when we are merging the code.

☺ Good: Good contribution to the project. To improve: I don't know except keeping your issues in Jira up to date.

☺ You did a great job. But, don't forget to test everything before pushing the branch. Make sure everything that you added is working with everything.

☺ worked well on his tasks

☺ did what he was suppose to do!

Checkpoint 3   Sprint C   12-05-2022   ☺

I think I do enough work and contribute sufficiently to the project.

worked okay on his tasks

did good work and did what was asked of him!

Good work quality

You did a great work! Please don't forget or forget to attend online meeting or if you can't be present, tell us before the meeting so we don't wait up for you and make sure to update what you're work... Read more

Does what he is told and is helpful.

Checkpoint 2   Sprint B   14-04-2022   ☺

No feedback has been added

doing okay

It's nice working with you

Doing fine.

very nice to work with, we often discuss work and show each others work. Very useful and you learn a lot!

I am happy to work with this person in one team and he does well.

Checkpoint 1   **Sprint A**   24-03-2022

I think I contribute equally compared to the others and the work is going pretty well. Can't really comment a lot on myself though so I will let my teammates do that.

Nikola contributes well with the project

Doing well, no particular problem as of yet. Good to work with.

Doing good so far

Very good work. Contributes a lot to the team.

This person contributed well to the project in the first sprint
